Europe for Citizens - European remembrance

What is it for ?

- To contribute to citizens' understanding of the EU, its history and diversity
- To raise awareness of remembrance, common history and values and the aim of the EU

What does it support

What support is available

Who can apply

How are applications selected

This strand supports activities inviting reflection on European cultural diversity and on common values. It aims to finance projects reflecting on causes of **totalitarian regimes** in Europe's modern history (especially, but not exclusively, Nazism that led to the Holocaust, Fascism, Stalinism and totalitarian communist regimes) and to commemorate the victims of their crimes.

This strand also concerns other defining moments and reference points in recent European history. Preference will be given to projects encouraging tolerance, mutual understanding, intercultural dialogue and reconciliation.

Projects under this strand should

- Include different types of organisations (local authorities, NGOs, research institutes etc.)
- Develop different types of activities (research, exhibitions, public debates, non-formal education etc.)
- Involve citizens from different target groups
- Be implemented on a transnational level, or with a clear European dimension
